

GROOMING CARD

for an Australian Labradoodle Face & Head

TOP OF THE HEAD

cut at an angle pointing downward about 1/2 inch off the back of the head; hair should part in the middle and fall on both sides

BANGS

cut an invert V in between using regular scissors

EYES

use thinning shears to clip inside corner of eyes

FRONT OF EARS

cut the bottom 1/2 to the tip just below the ear leather

BACK OF EARS

taper ends and blend with thinning shears

EARS AT THE TIP

cut hair front the base or back of the ear to the tip of the ear

CHIN & BEARD

using the thinning shears start just below the ear and cut down towards the chin

NOSE & MUZZLE

use thinning shears, cut straight down to the bottom of the muzzle

www.alaa-labradoodles.com

LEGS & BODY

use an extension comb or long blade to comb over body and legs. the length on legs should be one notch longer than the body

PRIVATE PARTS

keep the private areas trimmed and un-matted for sanitary reasons

TAIL

brush or comb then trim under the tail with scissors for natural look

FEET

scissor around bottom edge of each paw and trim hair between pad with a #10 blade
